**AUDITORIUM UPDATE**

New flyer with order form created. Gala most likely postponed until 2022.

**GRANT UPDATE**

-Dr. Paolucci had alerted us to an opportunity for the Max and Victoria Dreyfus Foundation. Had applied last year (not through Boosters) but did not receive. Asked if we would consider applying due to requirement of 501(c)3 status to receive grant. Upon reading fine print, the foundation specifies that publicly funded agencies, such as schools can apply for the grant. Michelle will email Dr. Paolucci to alert her of this fact. Group is also concerned that should we receive the grant, it will count as income and would put us close to the level of funds that we can safely take in without tax implications.

-Michaela stated that if music department has any specific requests or wish list items to let her know, as grants are usually for specific programs. Jazz/pep band or Sentinel Singers would qualify as "after school programs" which some grants are geared towards. Something to keep in mind for future years if these after school groups are not able to run this year.

## **NEW BUSINESS**

-Request from Mrs. Chartier for new pedal for bass drum. Received quote from Rick's music. Michelle obtained additional quotes from The Music Complex, as well as some used options.

-Melissa reminded the group of the policy to obtain three quotes prior to requesting purchase.

-Paul made the motion to purchase the bass pedal from The Music Complex for \$125. Motion was seconded. Unanimously approved.

Meeting adjourned: 8:00 pm.
